

Treat your family to Christmas without breaking the bank

Next Christmas SORTED!

Wendy McSeveney, 40, from Stafford, tells us what makes her a savvy saver...

With three kids to buy for, I've found it brilliant putting something away for Christmas – there's no stress and no debts. I started out as a customer with Park Christmas Savings, setting aside money for gift cards and vouchers, and I'm now an agent.

I have over 20 customers – some are family and friends or come to me through word of mouth. I love it because it takes the pressure off Christmas for me and all my customers. When I send out the gift cards and vouchers, they're so grateful that I helped them.

It's better than trying to save with the bank because it's all too easy to dip into those savings.

Last year, I won a Top Newcomer award of £450.

It was a lovely surprise and meant I was able to buy a new dishwasher.

And knowing I've helped other people give their families a nice Christmas is a great feeling.

Q How does saving with Park work?

A Simply join Park Christmas Savings online and set your budget to suit you. A little each week soon adds up – £10 a week over 40 weeks would give you £400 in gift cards or vouchers, which you'll receive in time to do all your Christmas shopping – and even take advantage of Black Friday. You can join Park any time, but January is

a great month to get your finances off to a fresh start.

Q What gift cards and vouchers are available?

A There's a brilliant choice across most major retailers in store and online – you can sort all your gifts and your festive food and drink. Choose from e-gift cards from the likes of Primark, JD Sports and M&S, which make great presents. Or go for the popular Love2shop multigift card and buy presents from high street retailers, such as Argos, Matalan and TK Maxx. The Your Choice card* can be used anywhere that accepts Mastercard, including amazon.co.uk.

It's a no-brainer...

Park has been helping customers have a stress-free Christmas for 50 years. To join online, simply visit getpark.co.uk or call 03457 678933.

Q Are there flexible payment options available?

A Yes, you decide how much you pay and when, whether it's by direct debit or standing order, online, by phone, PayPoint or post. You can reduce or increase payments and track them on the Park app or your online account. Pay in over £1,500 and you'll be eligible for commission rewards of up to 3.5%. If you refer a friend to Park, you'll both get £10 in your accounts.**
